## FIRST MEDINA IRRIGATED FARMS NOW FOR SALE

Are you tired of fighting the drought and depending on the uncertainty of rainfall to make your crops?

As a farmer, who realizes the priceless value of water in transforming the products of your fields into profits, you will welcome the announcement that the first Medina Valley Irrigated Farms are now being placed upon the market.

THE GENTLY ROLLING MEDINA LANDS ARE IDEALLY SUITED TO IRRIGATION.

The Medina Irrigated Farms stand for Opportunity—your opportunity to use a bountiful supply of pure water as permanent crop insurance on rich soil, in a year-around growing climate. Every farmer knows that moisture at the proper time often spells the difference between a bumper crop and failure.

For years farmers in South Texas have eagerly awaited the sale of Medina Valley Irrigated Farms. That time has now arrived, following a complete refinancing of the Medina enterprise.

Farmers can now buy irrigated acreage in the Medina holdings and receive a clear title to their tracts, together with water privileges. The interests of purchasers are fully protected. All of the lands to be irrigated are embraced in Bexar-Medina-Atascosa Counties-Water Improvement District No. 1, which acquired all water rights of the old company. Every acre sold is entitled to water, under reasonable regulations, by virtue of being in the district. This Water Improvement District is managed by officers elected by the property-owning, tax-paying voters in the district.

Of particular interest to farmers is the fact that the Medina irrigation system is a proven success. The water supply is EXISTING and VISIBLE — an enormous lake, 152 feet deep at the dam, that stretches back a distance of 16 miles.

Medina Valley farms total 40,244 gently rolling acres, located in the fertile Medina river valley, just southwest of San Antonio, the largest city in Texas. In fact, the acreage begins within fifteen miles of this great local market and the farthest outlying tracts are not more than 35 miles from San Antonio.

### QUICK TRANSPORTATION TO MARKET

The Medina lands have the fullest benefit of transportation. Practically the entire holdings lie between the paralleling main lines of two great railroads—the Southern Pacific and International Great Northern. The most distant farm is not more than 4 1-2 miles from a shipping point on one or the other of these railroads. Another important transportation feature is the paved San Antonio-Laredo highway. This asphalt road extends through the entire length of these farm lands.

The value to farmers of these facilities for shipping cannot be overestimated. Markets of the entire country are placed within their easy reach.

### 40-ACRE DEMONSTRATION FARMS.

Only a comparatively few Medina Valley Irrigated Farms are ready right now to be sold. The remainder will be sold later. These first few tracts are offered now in units of approximately 40 acres each, as demonstration farms, to experienced and financially responsible farmers who are prepared to make permanent improvements and begin and carry on farming operations. These lands are already cleared, under ditch and in a high state of cultivation.

These few demonstration farms will be sold at the low price of \$165 PER ACRE on terms. They offer one of the best opportunities ever presented in Texas for farmers to secure improved irrigated acreage at a rock-bottom price.

The first tract of demonstration farms is located

25 miles southwest of San Antonio, in Medina County, just across the Bexar County line, and three miles northwest of the thriving town of Lytle, on the I-G. N. railroad. LaCoste, on the main line of the Southern Pacific, is only 3 1-2 miles to the north.

These two towns give farms in this unit excellent shipping facilities. And the nearby paved highway into San Antonio provides quick access to that big market for winter vegetables and dairy products.

### A \$4,607,000 IRRIGATION SYSTEM.

These farms are irrigated by an established irrigation system that represents an investment of \$4,607,000. Behind the gigantic concrete dam across the Medina river canyon, above the irrigated tracts, a vast supply of water is impounded—NOW. The main reservoir—Medina Lake—with its capacity of 254,010 acre feet—or more than eighty-two billion gallons of water—contains, according to competent experts, a supply sufficient to care for the total irrigated acreage. The water flows by gravity alone from the dam to the farms by a system of canals and laterals. Pumping is nowhere required or used.

Supplementing this existing and visible water supply for irrigation, this region has an average annual rainfall of 20 to 26 inches, according to U. S. weather bureau records.

### EVERY ACRE CAN BE IRRIGATED.

The slightly rolling lay of the land is ideally suited to irrigation. It slopes gently to the South and Southeast, with a fall sufficient for irrigation and effective natural drainage.

The soil is what is commonly known as dark chocolate loam, with good clay subsoil conditions and a rich lime content, well adapted to intensive cultivation and the raising of a wide variety of both staple and fancy crops.

Because of the mild climate, farming is a year 'round business here. Such staples as corn, cotton, grain sorghums, sugar cane, broom corn, oats, barley, rye, cowpeas, alfalfa and sweet clover flourish, as do spinach, onions, cabbage, lettuce, tomatoes, eggplant, sweet potatoes, carrots, turnips, okra, radishes, peppers, beans, melons, berries, fruits, pecans and other highly profitable crops.

### TERMS OF SALE.

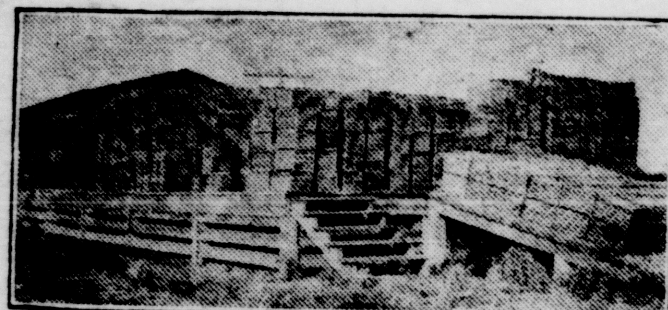

The special price of \$165 AN ACRE applies only to the limited number of 40-acre demonstration farms. Acreage placed on the market later will be priced considerably higher. Farmers with the vision and ability to seize the present opportunity will profit accordingly.

Terms provide for a 10 per cent down payment and the balance in nine annual installments, commencing the end of the second year after date of purchase. Deferred payments bear only 6 per cent interest.

### IMPROVEMENT REQUIRED.

Only REAL farmers are wanted on these demonstration farms, men who will push development vigorously. For this reason and in view of the low sale price, the sales agreement provides that purchasers move to their farms within six months, start cultivation, and invest a total of \$1,600 for improvements, as follows: not less than \$1,200 for a house and \$400 for fencing and other improvements.

The truth about Medina Valley Irrigated Farms is good enough. These rich lands, located at the very door of San Antonio and backed up and sup-

plied by a vast water system of proven performance, speak for themselves.

So remarkable is the offering from a value-giving standpoint, that the sale of demonstration farms will be made direct to purchasers only.

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 75c per bottle.

# FORTY-TWO CLUB.

Mesdames Ed Cameron, F. S.  
Cockrell and P. P. Brewster were  
hostesses to the "42" club Thurs-  
day afternoon.

The guests found their partners  
and places at the "42" tables by tal-  
lies whose designs were suggestive  
of the holiday season—snow-cover-  
ed out-door scenes enhanced by  
sprigs of holly whose colorings of  
green and red lent warmth and  
cheer to an otherwise desolate  
scene.

Thirteen games of "42" were  
played, Mrs. Earl Boon being the  
lucky winner of high score of ten  
games. Low score, three games,  
was held by Mrs. Oscar Schuehle.

Mrs. Ray Jennings, Mrs. Will  
Crow, Mrs. A. N. Eby, Mrs. W. G.  
Stearnes and Misses Lillys Lewis,  
Eunice Edwards, Maggie Cameron

for the afternoon.

After the game the guests went  
to "Hutzler's" where the hostesses  
served ice-cream in the shape of  
Santa carrying his pack, and mac-

# SURPRISE BIRTHDAY PARTY.

Masters Jimmie Smith and John  
Russell Crouch were quite agreeably  
surprised last Saturday afternoon  
when some forty-eight of their lit-  
tle friends walked in on them at  
the Armstrong Hotel and swamped  
them with gifts that brought joy to  
their boyish hearts. The occasion  
was the ninth birthday of both boys,  
and their mothers, Mrs. W. H. Smith  
and Mrs. Harry Crouch had planned  
the party as a surprise to them.  
After each guest had been given a  
bag of pop-corn the youngsters  
went in a body to the Star Theatre  
to see "The Lucky Horseshoe" and  
where, amid the crackling of pop-  
corn, a hilarious good time was  
had for several hours. After the  
show all went back to the Armstrong  
where the lovely joint birthday cake  
was cut and its favors distributed,  
and cake and hot chocolate com-  
pleted the afternoon for the young-  
sters.

# THE SOPHIAN CLUB.

At an adjourned meeting of the  
Sophian club, held at the school  
house on Wednesday afternoon, a  
great deal of unfinished business was  
taken up. It was decided to adopt  
a course of study known as "Seeing  
America through the Short Story,"  
and to supplement each study with a  
chapter taken from "The Business  
of Being a Club Woman." The  
Sophian Club was selected as the  
permanent name of the club and it  
was decided to meet regularly on  
the second and fourth Wednesdays  
of each month. The next meeting  
will be on January 13th at the school

# COME OUT TUESDAY NIGHT.

There will be a meeting of all  
citizens and interested parties at  
the Chamber of Commerce hall  
Tuesday night at 7:30 o'clock for  
the purpose of considering the road

vising means of putting it in good

Any one interested would do well,  
in the meantime, to go over the  
road, inspect it and come to the  
meeting prepared to offer practical  
suggestions as to what is needed on  
the road and how to secure it.

This is a matter of very vital im-  
portance to Hondo and every one  
should be present at the meeting.

# IRRIGATED LAND FOR SALE.

The first units of the Medina Val-  
ley irrigated lands that have ever  
been offered for sale are now open  
to purchasers, it has been announ-  
ced by W. A. Trimpe, representative  
of the trustees in whose hands the  
property has been placed.

Of the more than 40,000 acres in-  
cluded in the land, and for the ir-  
rigation of which the Medina dam  
and tremendous irrigation system  
was constructed some years ago,  
only about 1,200 acres are to be  
sold at this time. This first unit to  
be sold has been divided into 32  
"demonstration farms" of approxi-  
mately 40 acres each.

These first farms will be sold at a  
very low price, and on easy terms,  
it has been announced by Mr.  
Trimpe. The purpose of this initial  
sale is to bring about the cultiva-  
tion and improvement of these units  
to further demonstrate the fine  
quality of the land. The purchas-  
ers of these first tracts must agree  
to move onto the land within six  
months, cultivate it properly and  
invest not less than \$1,600 in a  
home, fencing, and other improve-  
ments. In this manner, develop-  
ment of this tract is assured within  
a short time.

The Medina Valley irrigated  
farms enterprise is considered to be  
one of the most important projects  
of its kind in South Texas, for the  
placing on the market of this land  
will mean the development of thou-  
sands of acres of fertile soil, with  
good crops assured by the proved  
system of irrigation.

Every farm within the entire  
tract of more than 40,000 acres is  
not more than 4 1/2 miles from a  
shipping point, as the parallel lines  
of the Southern Pacific and I-G. N.  
railroads pass through the property.  
Shipping points include Devine,  
Lytle, LaCoste and Pearson.

See the Company's big display ad-  
vertisement elsewhere in this paper.

the guests.

ed in Mrs. Charley Johnson being aw-  
arded a dainty negligee set as win-  
ner of high score and Miss Brucks

The hostesses served sweet sand-

John Henderson was a good man, kind and gentle in his manner, standing always for everything that was good and right. He was also a learned man, being a great reader. He loved books of the higher class and spent many happy hours with his books and family.  
After his affliction two years ago, he knew that the end was drawing near for him, but his faith was strong and his hopes were sure.  
His body was laid to rest Tuesday afternoon in the Hondo cemetery under a profusion of flowers brought by the many friends of the family after his funeral services had been conducted in his home by his former pastor, Rev. A. M. Foster and Rev. Ezell the pastor of the Methodist church.

# Gifts

**THE** Appropriate Christmas gift frequently seems unattainable, like the pot of gold at the end of the rainbow. And the more extended the search; the harder it sometimes becomes—the vast variety of suggestions, each one good in itself, confusing rather than clearing the mind.

There is a way, however, to find an appropriate gift for every person on your Christmas list, and to do it with a reasonable expenditure of time, energy and money. Confine your efforts to a store specializing in gift goods which experience proves the great majority of people appreciate, a store known for quality and moderate prices, a store where all the Christmas offerings are displayed together in a compact space.

Your local Rexall Store meets these requirements so uniquely that it is frequently called "Gift Headquarters" by the Christmas shoppers who have discovered, and benefited from, its unusual advantages.

Come early and make your selections.

### LITTLE HERSCHEL JOE ULBRICH DIES.

The friends and relatives of Mr. and Mrs. Jack Ulbrich were greatly shocked by the death of their little son, Herschel Joe, which took place last Saturday evening at about six o'clock. The writer of this item, together with his wife, had been at the home of Mr. and Mrs. Ulbrich Thursday afternoon, leaving there not long before dark. While we were there, the little fellow was out in the yard playing with the other children, and as we watched them from the front porch, we thought of what perfect health he seemed to have. But, as if to show the inaccuracy of human judgment, that night, not long after mid-night his parents were awakened by his illness. The physician was called in the early morning, and everything that medical skill could do was done, but in vain. In forty-eight hours after we had seen him, apparently in the best of health, he had passed away.

Sunday afternoon, in the presence of a large number of friends and relatives, his body was laid to rest in the new Cemetery, there to await the last summons of his Savior, to whom he had been dedicated by his parents in baptism about ten days before; it having been our privilege to perform the sacred rite. The funeral services were conducted from the home of the grandparents, Mr. and Mrs. Henry Buss, by the writer, assisted by Rev. Robert Moerner of New Fountain. Many tokens of love and sympathy were shown by the beautiful flowers which were laid on the grave. May the Lord

## Woolworth Buildings

One building of 165 floors, would be required if all the people who drank H and H BLEND COFFEE this morning desired offices in the Woolworth Building.

**H and H BLEND COFFEE**

There is nothing of chance in the fact that so many people drink H and H Blend Coffee every day; their choice is consciously made—spontaneous with the first taste.

It is the Blend that makes this true. The Blend that combines the rarest and most select coffee beans. The blend that produces a flavor so rich, so even, so universally preferred that the amount of H and H used daily is steadily increasing.

Not only do more and more people learn of its goodness, but those who drink it now are adding a new cup to prolong their delight in the H and H Blend. Fine coffee beans have been used before—careful processes of roasting, but in no instance has H and H Blend been rivaled.

After the first cup, you and your family will adopt H and H as an indispensable part of your daily meals.

We roast it—others praise it!

**ROBBERY AT D'HANIS.**

The home of William Finger at old D'Hanis was entered Saturday in broad daylight, and a lot of clothing stolen. The family was away from home. Amos Finger, who happened to go to the house for something, found two young men in the yard. When asked what their business there was, they replied that they had had tire trouble and had come to ask for patches, etc., with which to repair the tires. Amos Finger went into the house to get the necessary things and as soon as he was out of sight, the robbers jumped into their car and speeded away. The house had been ransacked and quite a bit of clothing taken, Miss Lucine Finger's wardrobe being the most depleted.

The officers were notified and the robbers were caught and lodged in jail at Sabin.

**TONY WINDROW SPECTACULAR SPECIAL TO CATTLE FEEDERS.**

The many friends of Tony Windrow will be pleased to hear of his success in foot-ball this season, as half back on the Schreiner "Mountaineer" Foot-Ball team. Windrow's playing was spectacular throughout the season, and especially in the game between Schreiner and St. Mary's College, of San Antonio, in which the score, largely due to Windrow's excellent playing, was held to a six to six tie. St. Mary's was one of the strongest gridiron opponents of Schreiner's season, and without a strong man in Windrow's position, the game would probably have been lost.

The Schreiner Mountaineers with their 21-6 victory over McMurry College, Thanksgiving Day, closed the most successful football season in the short history of the Institute. In their schedule of nine games, the Mountaineers were defeated but once and then at the hands of the strong Texas Freshmen. Schreiner opened its season with a 19-0 victory over Main Avenue High School of San Antonio. The following week, the Mountaineers downed Daniel Baker College at Brownwood by a 6-0 score. St. Mary's College of San Antonio was the next opponent and were fought to a 6-6 tie. Following these games came a 29-0 victory over the Deaf and Dumb Institute, a 13-22 loss to the Texas Fish, a scoreless tie with the heavy Rice Freshmen, a victory of 7-0 over Sul Ross Normal and a 18-7 triumph over the South Texas Teachers' College of Kingsville. The closing game, witnessed by the largest crowd ever to attend an athletic contest in Kerrville, was the defeat of McMurry College, 21-6.

Prospects for next season seem very bright, due to the fact that fourteen of the eighteen letter men will return to help Coach "Bully" Gilstrap, former Texas University football star, duplicate this year's success.

#### KILLED TWO HORSES AND CRIPPLED ANOTHER.

Reports reaching town say that hunters killed one horse, broke another's leg so it had to be shot and wounded another, belonging to Gladden McAnelly, across the Hondo last week. The supposition is that two or three hunters saw the bushes shake, or possibly hunting with headlights, shot a barrage into Mr. McAnelly's workhorses, leisurely grazing on his pastures. This is what gets hunters in bad with the ranchmen. The fellow who will obtain permission to hunt, or sneak into a pasture and shoot at every thing he sees move is a very dangerous fellow to run loose with a gun.

### GET YOU A SOUVENIR.

Sixty years after the WAR that threatened to divide the United States into rival Republics with an aftermath of perpetual animosity, the Federal Government, with the approval of the victorious North mints five million coins as "A Memorial to the Valor" of the South. The occasion of the coinage is the commencement of a great monument in memory of the armies that fought in the South until overwhelmed by numbers and resources. This coinage is so devised that it can be used to raise funds to carry on the construction of that monument.

This coin is of the half dollar denomination and bears on its face the image of Robert E. Lee and Stonewall Jackson on horseback in uniform, over which are emblazoned the words, "In God We Trust." Around these are thirteen stars representing the States of the Southern Confederacy. On the opposite side is a mighty eagle, symbol of American Liberty, below it the inscription, "Memorial to the Valor of the Soldier of the South," and below it the inscription, "Liberty."

The money to finance the monument to the soldier of the South is being raised by the sale of Confederate Memorial half dollars at one dollar apiece, thus netting the association the gross profit of fifty cents on every coin sold.

Hondo's allotment of the memorial fund is 527. We should sell these coins by Saturday night, Dec. 19. On this last day will be sold to the highest bidder Stone Mountain Confederate Coin No. 62, and the word Texas imprinted upon it.

The occasion for the coinage of this half dollar is the commencement of a great monument in memory of the armies of the South which surrendered after four years of terrible privation and magnificent courage.

So profound is the meaning of this event that we of today cannot adequately comprehend it; another generation will take our place before its deep and far reaching influence will have come to full fruition in our national life.

Do we appreciate what it means to us the descendants of Confederate soldiers, to have this tribute of admiration bestowed upon our fathers by the Nation against which they were once in arms, but to which they gave back their sacred allegiance?

If we fail to accept this token as graciously as it is given and hand it down to our descendants as a priceless badge of honor, does it not mean that we are dead to patriotism and disloyal to those who shed their blood upon the battle fields?

It is one of the few coins, if not the only one, issued by the United States to commemorate purely a quality of character, which gives it a spiritual significance to contrast with other special coins commemorating material events.

Will we of Hondo take these coins at a premium, and take them quickly? Or will we allow them to lie in the banks, which have bought and paid for them, until they are obliged to recover their investment by passing them into general circulation without a premium? Should that come to pass, the South will stand before the Nation as a people whose profession of reverence for the memory of their heroes is a sham and a pretense; a

people bereft of pride and gratitude; a people void of patriotism and loyalty to their kith and kin.

### ALL OUT OF SORTS?

So Was This Hondo Woman Who Tells Her Experience.

All too often women accept their pains and aches as natural to their sex. They fail to realize that weak kidneys are often to blame for that backache, those headaches, dizzy spells and that tired, depressed feeling. Thousands have found new health and strength by helping the weakened kidneys with Doan's Pills—a stimulant diuretic. This Hondo case is one of many.

Mrs. S. X. Wantz, says: "My kidneys were disordered. A dull, bearing-down pain in my back greatly increased until I had to give up. I couldn't stoop or straighten again without severe pain. Doan's Pills did me good and I gladly recommend them to others."

FOUR YEARS LATER, Mrs. Wantz said: "I think as much of Doan's today as when I gave my former statement. My cure has proved permanent."
